

VERIFICATION CERTIFICATE

No. 11878-01

CERTIFICATE

As a body approved by the Ministry of the Environment, Inspecta Sertifointi Oy has issued this verification certificate in accordance with the Act on the Type Approval of Certain Construction Products (954/2012) to

Ecococon UAB

Odminių street 10-10, Vilnius, Lithuania

as proof that Inspecta Sertifointi Oy has verified the conformance of the quality assurance of the products mentioned below with the requirements set in **the Evaluation principles for verification certificate (TR 16:2014) Timber elements for walls, base floors and roofs, 2.7.2014** published by the Ministry of the Environment.

Timber elements for walls, base floors and roofs Method 3a

Timber element with straw isolation and without cladding

Place of manufacture: Gedimino str. 30, LT-70421 Kybartai, Vilkaviškis district; Lithuania

The company is entitled to use the certification mark on products fulfilling the requirements. The certificate holder is responsible for ensuring that the products comply with the requirements.

The certificate is issued on 2020-04-08
The certificate is valid until 2025-04-08.

Mikko Törmänen, Managing Director

The certificate remains valid until further notice provided the requirements set in the General Rules for Product Certification and the above-mentioned product group specific requirement documents are met. The certificate can also be cancelled, should the product not fulfill the essential requirements of the Land Use and Building Act, or the statutes based on this Act. The certificate is based on initial inspection and testing carried out by the manufacturer, and Inspecta Sertifointi Oy continuously controls, evaluates and approves the factory production control of the product. The system for the assessment and verification of constancy of performance is 2+. The validity of the certificate can be verified at www.kiwa.com/fi.
